PEORIA – The Illinois Department of Transportation announces a traffic pattern shift on IL 116 at Ten Mile Creek in Tazewell County. Eastbound IL 116 traffic will be shifted back to its traditional configuration the afternoon of Wednesday, September 24th.

Intermittent lane closures are expected for approximately one month on IL 116 in this vicinity as crews finish median and striping work on this bridge replacement project. The lane closures will not take place before 8:30 a.m. in the westbound lanes and will not take place after 4:00 p.m. in the eastbound lanes.

Westbound IL 116 traffic will remain in its current temporary configuration during this time, and then will be shifted back to its traditional configuration upon completion of the project.

Please slow down and use extreme caution while driving through all work zones.
